

Website Debut: FABLE Consortium & SDSN Hong Kong

Are you aware of the recent launch of The Food, Agriculture, Biodiversity, Land-Use, and Energy ([FABLE](#)) Consortium? Led by the International Institute for Applied Systems Analysis ([IIASA](#)) and the UN SDSN, FABLE Consortium aims to understand how countries can transition towards sustainable land-use and food systems. 20 participating country teams are developing data and modelling infrastructure to promote ambitious, integrated strategies aligned with global goals.

Speaking of which, [SDSN Hong Kong website](#) has undergone a makeover and was officially rolled out last September. New features such as the '[SDG Game](#)', '[Membership](#)' and '[Cover Story](#)' were added to enhance browsers' understanding on our work in promoting the SDGs.

Read on for more sustainability events and updates.

Event Promotion
